ADVANCED SKIN RENEWAL

Microneedling

Revitalize your skin with our Microneedling treatment, a procedure designed to stimulate collagen production and enhance skin texture. Using the FDA-approved SkinStylus Microneedling System, we create fine micro-injuries that trigger the body's natural healing process. To optimize the treatment and soothe the skin, we apply Epicutis Lipid Recovery Serum and Mask, enhancing the procedure's efficacy and reducing recovery time. Each session concludes with LED Therapy to further promote healing and rejuvenation.

- *Face - \$450*
- *Face & Neck - \$500*
- *Face, Neck, and Décolleté - \$550*

Microneedling with EXO|E Stem Cells

Elevate your microneedling experience with the power of EXO|E Stem Cells. This advanced treatment significantly boosts the skin's healing capabilities and reduces recovery time. Infused with potent stem cell technology, EXO|E enhances the microneedling benefits, providing superior results in skin rejuvenation. The treatment includes a comprehensive 5-day pre and post-treatment product regimen, ensuring a smooth and effective healing process.
